LB 126, 267

than taking away the license. I really do. I may vote for this amendment of his even. I know Senator Chambers likes kids. I love kids. And I don't want to hurt them, absolutely. But I don't want to see them die on our roads due to some stupid mistake like I may have made. I won't admit it, but I think we all made stupid mistakes when we was kids. And we try to protect them...overprotect them? Sure we do. I'm not a parent, but I still want to overprotect my nephews and my nieces and my friends. Maybe that's what we're doing here. Maybe that's what Senator Chambers was alluding to. Anyway, I guess I just...I want to see our youth grow up, and I think we're in a pattern here, and we're in a pattern that scares me. I'll say it one more time. We're in a pattern here that scares me. And that's all I'll say on the subject. Thank you.

PRESIDENT MAURSTAD: Thank you, Senator Cudaback. On the Chambers amendment to the Hilgert amendment to LB 267, Senator Hilgert.

SENATOR HILGERT: I rise...it's an interesting amendment. In fact, when the Singapore incident occurred, a lot of people in jest talked about flogging. But I don't think the state or the country's quite ready for that, and I would never support it anyway. But it is interesting on this whole concept of accountability, when we look at the proponents of LB 126. It was Senator Stan Schellpeper; Senator Dwite Pedersen; it was Jack Crowley; Nancy McGuinley; Lieutenant John Kucor; Steve Oltmans from Omaha 2000; Paula Childers, Mothers Against Drunk Driving; Kathleen Tinley, Project Extra Mile; Joyce Durand; April Otterberg, Project Extra Mile-Youth in Action; David Corbin, Nebraska Public Health Association; Justice McMillan...Justin McMillan, Project Extra Mile-Youth in Action; Kendra Quandt, Nebraska Network of Drug Free Youth; Sara Howard, Project Extra Mile; Christina Chvala, Project Extra Mile; Kalle Jones, Project Extra Mile; Charose James, Nebraska Emergency Nurses Association; Bill Hutto, Project Extra Mile; and Susie Dugan, PRIDE-Omaha. Those were the proponents to this concept on January the 25th of this year. I do think it was...is appropriate to bring this before you at this time and have some discussion, whether we do in fact want to talk about this issue, about accountability. And I do encourage the body to look at your committee statement from LB 126. And it's interesting.
